**CSA President Urges City Council
To Remember City-Funded Day Care
In the Upcoming Budget**

“We appear to be overcoming some major hurdles in the upcoming education budget, particularly by averting teacher layoffs that would have devastated our schools. And now in the final moments of these budgetary decisions, I urge you from the bottom of my heart to remember city-funded day care.

“City-funded day care is where it all begins. It is the foundation of education for our neediest children. It prepares them to start kindergarten with the same advantages of other youngsters, allows their special needs to be identified early, and permits their parents to hold jobs thus preventing an endless round of escalating need.

“It is with this conviction that I ask you to view the brief video that I have attached.”
